Mission

The US Defenders Program is a grass roots movement of manpower, citizen "Biker" manpower that is designed to provide an efficient way to organize and rally a rapid response when needed on legislative issues that are of concern to all motorcyclists.

The US Defenders provide the manpower behind legislative "Call-to-Action" campaigns from recognized state and national motorcycle right organizations.

The US defenders also stand ready to assist local communities in post emergency situations, like in the case of flooding, tornados, and amber alerts, when called upon by civilian management authorities.

In a nutshell, the US Defenders are soldiers dedicated to preserving the UD Constitution and applying their collective manpower where it can best serve the riding public and local communities.

CAROLINA MOTORCYCLE ORGANIZATIONS UNITED

The CAROLINA MOTORCYCLE ORGANIZATIONS UNITED (C.M.O.U.) was established in 1996, and is a non-profit coalition of all types of clubs, groups and associations throughout NC & SC. We welcome all types of riders and bikes.

Our mission is...

1. Create effective communication between all the area motorcycle clubs, groups, associations, shops and riders
2. Create effective communication within our community, be a positive factor in our community, dispel negative stereotypes and improve the image of motorcycle riders in general.
3. Raise money and contribute to worthy causes that benefit children in need. Our two annual benefits are Thumper's CMOU Holiday Charity Run for Turning Point & the CMOU Carolina Kids Foundation Riding For Relief - Fighting Cystic Fibrosis.

We are an "OPEN BOOK", non-profit 501 (c)(3) foundation.

CMOU Supports Turning Point

As the Holiday Season approaches, hundreds of bikers associated with the Carolinas Motorcycle Organizations United Foundation (CMOU) gather with presents and donations for Union County Turning Point. For almost 10 years the motorcycle community has supported the Union County center fighting domestic abuse with money, supplies and toys.

Perhaps most important, these “hardcore bikers” have given the women and children of Turning Point a view of the compassion that may have been lacking from male figures in their life.

A good time is had by all! Biker Santa and the roar of loud pipes always puts a smile on the faces of many mothers and children. Contributions help facilitate ongoing services for Turning Point throughout the year.

**THUMPER'S HOLIDAY CHARITY RUN

Depart for short ride @ 1:00 PM with final destination @ Life Church (1721 N. Charlotte Ave. Monroe). Cages welcome. No weather cancellation.

Carolina Kids Foundation Riding For Relief DragFest 2013 For Cystic Fibrosis

On August 24, 2013 was the CMOU Carolina Kids Foundation 2nd Annual RIDING FOR RELIEF DRAGFEST BENEFIT - Fighting Cystic Fibrosis which was held at Mooresville Dragway. Hundreds of bikers, hot rodders and their families enjoyed a full day of fun-packed activities. There were games galore for the kids along with refreshments and treats. Adults had adult beverages and BBQ. There was live music all day long.

Dozens of motorcycles and amazing Hot Rods were on display and entered for judging in a bike and car show. Awards and prizes present to category winners. Some raced. Some were there for show

But the most attention getting event was drag racing. CMOU members, their friends and the general public had full use of the 1/8 mile officially sanctioned drag strip for their own use for a small of ten dollars for as many runs as anyone wanted to take. There were grudge races among friends and strangers. Serious drag racers...both motorcycle and hot rods showed off some impressive machinery and driving skills.

Fighting For Your Rights To

Bikers' rights and freedoms are under attack.. Whether it's a "No colors" policy at a business or public park, a "motorcycle-only" traffic stop, increased police scrutiny, or harsher judicial treatment based on how we live, what we wear, or what we ride, DISCRIMINATION AGAINST ONE biker or biker club IS DISCRIMINATION AGAINST ALL bikers.

Since its inception in 1997, the North Carolina Confederation of Motorcycle Clubs (NCCOMC) has vigorously and successfully fought discrimination against bikers using every legal tool available. We invite all patch-holder clubs and independent riders in North Carolina to join us in that fight.

NCCOMC member clubs regularly meet to discuss incidents of discrimination that have occurred to members of participating clubs and how to effectively respond. At NCCOMC meetings, clubs

are advised as to how to approach deal with discrimination by business, and how and when to pursue legal actions. NCCOMC's attorney – is present at every NCCOMC meeting for advice and guidance.

Also at NCCOMC meetings, the best information about legislation and local levels affecting their individual club business is NEVER. At NCCOMC meetings, only issues of discrimination against bikers are discussed. Our Coalition of Independent Riders and US Defenders are represented at

The NCCOMC goals are very simple and dedicated to legally fight against discrimination, whether by law enforcement, companies, local business owners, or interest group. We pursue our goals through the courts if necessary and in cooperation with MROs and any other organizations that support the rights of motorcyclists.

If your motorcycle club is an independent rider value the North Carolina Confederation of Motorcycle Clubs invites you to join us in the fight for bikers' rights. For more information

Success In NC Legislature

No More Motorcycle-Only Checkpoints

In 2011, the North Carolina General Assembly enacted House Bill 381 (SL2011-216), legislation that prevents law enforcement agencies from establishing patterns for vehicle stops at checking stations based on a particular type of vehicle. This bill, the first of its kind enacted anywhere in the nation, was actively supported by the *NC Confederation of Motorcycle Clubs* and is a major victory in the battle to protect motorcyclists from discriminatory profiling by law enforcement agencies.
