## About Indian Motorcycle® Charlotte

If you're new to us, we want you to know who we are and why you can count on us to work to remain the World's Leading **Indian Motorcycle®** dealer. It's both a personal and professional story.

You know that Indian, America's First Motorcycle, started life in 1901. But in recent times, what did it take to be the First and the World's Leading Indian Motorcycle® Dealer? Passion. Commitment. Imagination. Perseverance. Timing. & Hard Work.

Our success story began in an automotive service shop, where we also built high-performance customs. Car & Driver magazine called us "one of America's Top 10 independent garages". (Remember those?) But we were always fans of motorcycles, especially Indian. So when Indian launched again in 1999, we were watching and decided to become an Indian dealer.

In January 2003, we opened Indian Motorcycle® Toledo in a storefront location, while a spectacular \$3 million custom-designed facility was being built at the intersection of I-80 and I-75. Over 15,000 attended our Grand Opening in July 2003 with gorgeous new Indian Chiefs in our showroom. The response was fantastic.

Then, only eight weeks later, Indian Motorcycle® Company closed its doors in Gilroy, California. We re-branded as North Coast Motorcycle, added Triumph and Big Dog and pushed forward, but our hearts were committed to Indian. (As North Coast Motorcycle, we were a Top 100 Dealer for 4 years running and were actually selected as The #1 of all the Top 100 Dealers in 2007.)

After Stellican purchased the rights to Indian, we pursued becoming a part of that team. We closed North Coast, moved our family to North Carolina and worked as a department head during the development of the new Indian Motorcycle®.

We were directly involved in all aspects of the design and construction of the Indian "flagship" dealer facility. In 2008, after many interviews and no viable dealer candidates emerged, we were offered the opportunity to own and operate Indian's first new dealership. We seized the chance, resigning from Indian Motorcycle® Company to start this new venture.

Indian Motorcycle® Charlotte's Grand Opening took place in October 2008 with about 6,000 in attendance. It was a great beginning to the renaissance of this legendary brand and we've worked hard to keep that momentum going.

Of course, Indian Motorcycle® Charlotte launched during one of the worst economic downturns in eighty years, so we'd be less than honest if we didn't say it was often a struggle. But we succeeded through the continuous hard work of our staff, fabulous new **motorcycles** and our collective passion for Indian.

As the world's leading dealer, we will continue our focus on providing the absolute finest customer service and earning your trust on a daily basis. We look forward to the engineering, production and merchandising resources that Polaris® will bring--assuring a bright future for Indian. That's the short version of our history so far, as we work toward an even brighter future. Thought you'd like to know

We are located just off I-85 at Exit 22, just west of Charlotte-Douglas International Airport in Lowell, North Carolina just outside Charlotte and close to Gastonia near the South Carolina border. We have a great selection of Indian bikes, apparel, accessories, parts, and service. Stop by anytime and meet our friendly staff and have a cup of coffee with us!

### What is the Motorcycle Profiling Project?

The Motorcycle Profiling Project (MPP) is dedicated to the grassroots effort to pass laws addressing profiling and discrimination. The MPP is intended to coordinate and unify the different elements and organizations in each state towards this common goal, including the Confederations and Coalitions of Clubs, US Defenders, C.O.I.R., ABATE, MMA, NCOM, MRF, AMA and the many smaller MRO's that exist around the country.

This unified effort resulted in the first law addressing motorcycle profiling in America. Importantly, Washington's law passed through the legislature unanimously and the same legislation is receiving support in many other states. The Maryland COC/US Defenders and ABATE, working with the Project, unanimously passed profiling legislation through their Senate in 2015 and seems likely to pass the law through both chambers in 2016.

### Services

What services do the Motorcycle Profiling Project provide? The Motorcycle Profiling Project is designed to help your state with every step involved in the process of passing a law addressing the issue of motorcycle profiling. Based on the experiences and best practices of the highly effective motorcycle rights movement in Washington State, the Project will assist in organizing and preparing your state to take effective grassroots action. The project provides organizational recommendations, policy support materials, and legislative strategy. This includes, but is not limited to:

One in 6 Americans struggles with hunger daily. And up to 30% of children locally don't know when they'll receive their next meal. Many simply do not have access to the fresh, healthy foods their families need. And that puts these families at an increased risk for diet-related health problems and disease. Our vision is simple: We aim to end hunger locally by providing fresh and healthy food to those who need it most. It's about getting real food to real families.

**A Heartfelt Thank You**

To the Board of Directors and Members (cp).

This world is full of folks who have great physical needs and many times it is the young children who are hurt the most. Nationwide the pain of hunger seems to be increasing. Every once in while there comes a group making this world a better place with the gift of sharing and the gift of giving. **Carolina Motorcycle Organizations United, you are this group.**

For every \$2 you contributed, a family of four was able to have a weekend meal. The four meal bag is given to a student to take home each Friday. The students are proud because they know they are contributing to their family's welfare. This only happens because you care to make a difference.

On behalf of our board and volunteers at Backpack Ministry, Inc dba Food for Families, we would like to sincerely thank you for your gift. Your gift is a blessing to so many children who face hunger. Your generosity allows our organization to advance in its mission of providing these young children food suppotement during the weekend. You have played a role in reaching out to those little ones by extending a hand when their lives are in need. You and your membership are greatly appreciated.

Again, thank you for your past, present, and future support of the Backpack Ministry.

## Fighting For Your Rights To Ride Free of Discrimination

Bikers' rights and freedoms are under attack.. Whether it's a "*No colors*" business policy,, a "*motorcycle-only*" traffic stops, harsher judicial treatment based on the biker culture, discrimination against one motorcycle clubs is discrimination against all bikers.

Since its inception in 1997, the NC Confederation of Motorcycle Clubs (NCCOMC) has vigorously and successfully fought discrimination against bikers using every legal tool available.

NCCOMC member clubs regularly meet to discuss incidents of discrimination that have occurred to members of participating clubs and how to effectively respond.

The NCCOC goals are very simple: We are united and dedicated to legally fight against any assault on our freedom, whether by law enforcement authorities, insurance companies, local business owners, or any other special interest group. We pursue our goals legally, through the courts if necessary and in cooperation with and support of MROs and any other organization fighting for the rights of motorcyclists

The North Carolina General Assembly enacted House Bill 381 (SL2011-216), legislation that prevents law enforcement agencies from establishing patterns for vehicle stops at checking stations based on a particular type of vehicle. This bill, the first of its kind enacted anywhere in the nation, was actively supported by the *NC Confederation of Motorcycle Clubs* and is a major victory in the battle to protect motorcyclists from discriminatory profiling by law enforcement.

*If your club values freedom, the NCCOMC invites you to join the fight for bikers' rights.*

*"We truly appreciate your commitment

February 22, 2019

Carolinas Motorcycle Organizations  
7329 Conifer Ct  
Indian Trail, NC 28079-9508

To Carolinas Motorcycle Organizations:

We would like to take this opportunity to thank you for your recent contribution of \$1000.00 to the Cystic Fibrosis Foundation. We truly appreciate your commitment to improving the lives of the 30,000 children and adults with cystic fibrosis in the U.S.

Since opening its doors in 1955, the CF Foundation has made significant strides by improving the length and quality of life for many battling cystic fibrosis. Sixty years ago, children with CF usually did not live long enough to attend elementary school. Today, because of Foundation-supported research and care, the median survival age of people with CF is about 40. Yet there is still no cure and lives are cut far too short. Together, with persistence and dedication, we will defeat cystic fibrosis.

Please know how much your gift means to us. Your contribution helps accelerate our progress in the fight against CF.

With kind regards,

Dear Friends,

As we kick off 2019, we want to thank you for all your support in 2018! Your donation to the USO of North Carolina is changing and helping the lives of our military service members and their families. I know you are aware, now more than ever, of the selfless sacrifices they make daily for our nation. While others see and pass them in airports, restaurants and stores, you have committed your hard earned savings to allow us to connect them with their families, home and nation – as we have done continuously for more than 75 years. We thank you from the bottom of our hearts.

Your donation is making a positive impact on those who serve. Your support comforts spouses and military children as they say goodbye and helps them cope with long periods of separation while their service member is deployed overseas. Your support enables service members to attend programs giving them the skills to become better leaders in their communities, often after establishing a "new normal" in their lives.

Most of all, your support shows our service members and their families that someone is always by their side, no matter where they are, no matter the circumstance. You are the Force Behind the Forces.

Our appreciation for your support doesn't end here. Each and every day, we share the good that you have brought to our service members in our newsletters, and on our social media channels (@USOofNC). When we're speaking or attending public events, we proudly highlight your support of our critical mission. We encourage you to connect with us so that you too can see their smiles, joyful reunions and the impact we're making each and every day.

The USO of NC is deeply honored by your trust in our 77-year old organization that supports our military from the moment they put on the uniform through their transition to civilian life. Thank you so much for your support.

Sincerely,

John W. Falkenbury  
President

*Thank you for the generous support!*

P.S. - I invite you to visit our website at [www.uso-nc.org](http://www.uso-nc.org) to learn more about the programs and services you support with your donation to the USO of North Carolina.

THE SOUTH-CENTRAL NC CHAPTER OF THE HEAVEN'S SAINTS MOTORCYCLE MINISTRY BASED IN THE MONROE, NC AREA IS A MINISTRY, NOT A CLUB. It's not our desire to control any specific state, city or location. It IS however our desire to assist those in need in whatever way we can. Our bylaws are the Bible. We will do our best to guide others into a personal relationship with GOD through his SON JESUS. We believe JESUS is the answer to ANY of the problems you're facing. We are always glad to pray for & with others. VISIT: [HeavensSaintsMM.com](http://HeavensSaintsMM.com) or [Facebook.com/HeavensSaintsMM](https://www.facebook.com/HeavensSaintsMM)

OUR MINISTRY CAN BE RECOGNIZED BY THE PATCH WE WEAR CONSISTING OF THE CHRISTIAN FLAG, WITH THE HEAVEN'S SAINTS ARMOR PATCH LOCATED IN THE BOTTOM, RIGHT HAND CORNER. The Christian flag belongs to no one person or group, but symbolizes the unity of Christians. The "Armor" patch stands for putting on the full armor of Christ. *Ephesians 6:13-18 (KJV) Wherefore take unto you the whole armour of God, that ye may be able to withstand in the evil day, & having done all, to stand. Stand therefore, having your loins girt about with truth, & having on the breastplate of righteousness; & your feet shod with the preparation of the gospel of peace; Above all, taking the shield of faith, wherewith ye shall be able to quench all the fiery darts of the wicked. & take the helmet of salvation, & the sword of the Spirit, which is the word of God: Praying always with all prayer & supplication in the Spirit, & watching thereunto with all perseverance & supplication for all saints.*

THE HEAVEN'S SAINTS PROVIDE A BROTHERHOOD OF CHRISTIAN BIKERS WHO GET TOGETHER TO SPREAD THE GOOD NEWS OF JESUS CHRIST. EVERYONE IS WELCOME TO RIDE WITH US. While many of us are bikers, having a motorcycle or being a biker is not a requirement to be part of this ministry. We do not recruit members as other clubs & ministries may do. The Lord must lay it on your heart to be a part... If the Lord lays it upon your heart to hook up with us, you can ask a member, or visit the International Heaven's Saints website at: [HeavensSaints.com](http://HeavensSaints.com) & search keyword MEMBERSHIP. To see if there is a chapter in your area click on CHAPTERS. You can also visit and LIKE us on Facebook at: [Facebook.com/HSMMofficial](https://www.facebook.com/HSMMofficial)

THE BODY OF CHRIST IS DIVERSE, & SO IS THE HSMM. WE ARE INTERNATIONAL WITH CHAPTERS & MEMBERS WORLDWIDE. We do not limit the Lord or ourselves to just minister to bikers. There are several other outreaches we do to reach the world with the Gospel. We also minister to the homeless, prison ministry, nursing homes, street ministry, speaking at churches & more as the Lord leads. See all NC Chapters at: [www.HSMM.co](http://www.HSMM.co)

## Founded 1996

Riders in Recovery Motorcycle Club is a brotherhood of men in recovery from drugs and alcohol that "Live and Ride Clean and Sober."

Riders in Recovery MC was founded in 1996 by Co-Founders "pappy" and Bomb" in the back of a motorcycle shop. Our brotherhood began with a small group of bikers who wanted to stay clean and sober, but still enjoy life and enhance sobriety. RIR MC supports the local biker community and appreciates the friendship received in return.

RIR MC has persevered and grown through many challenges of the years. Initially, a clear vision of the club was a challenge amongst a group of men in trying to get their lives back together in recovery from addiction. What evolved was our core of brotherhood based on trust, respect and love for each other. Through these principles and the help of a Higher Power we have learned to:
